Diwas Pokhrel

CEO & Program Manager | Web Developer | Graphic Designer

ECE Student | Bridging hardware thinking with modern software | Nepal

PROFILE SUMMARY

Passionate technologist and entrepreneurial leader pursuing a Bachelor's in Electronics & Communication Engineering. With 2+ years of hands-on experience building production-grade web applications and leading cross-functional teams, I bridge the gap between hardware-based engineering thinking and modern software development. Currently driving innovation as CEO at Sajilai.com while leading digital development at Pokhrel Supplies & Pvt. Ltd.

WORK EXPERIENCE

CEO & Program Manager

2026 — Present

Sajilai.com

- Leading the company's vision, product strategy, and cross-functional engineering teams.
- Overseeing full program lifecycle from ideation through production deployment.
- Defining the technical and business roadmap for scalable digital solutions.
- Cultivating a culture of innovation, accountability, and continuous improvement.

Web Developer & Graphic Designer

2024 — Present

Pokhrel Supplies & Pvt. Ltd.

- Designing and developing responsive web platforms with modern UI/UX standards.
- Crafting brand identities and visual assets for consistent digital presence.
- Responsible for end-to-end delivery: wireframing, development, and deployment.
- Integrating backend services with Node.js and Supabase for production apps.
